PROCUREMENT & APPROVAL PROCESS

Department Managers have discretion over their allocated budgets. All transactions flow through the following approval chain:

Approval Thresholds

Amount	Approval Chain
Under $1,000	Manager → Procurement → Finance (CEO receives monthly report)
$1,000 – **5,000**	Manager → Procurement → Finance → CEO approval
Over $5,000	Full chain + Board notification

Approval Roles

Role	Responsibility
Department Manager	Identifies need, initiates request, confirms within budget
Procurement (Property Mgmt)	Verifies vendor, pricing, availability, compliance
Finance	Confirms budget availability, proper coding, processes payment
CEO	Final approval (over $1,000), monthly review of all spending

Process Flow

1. **Request:** Manager submits purchase request with justification
2. **Procurement Review:** Property Management verifies vendor and pricing
3. **Finance Review:** Finance confirms budget and processes payment
4. **CEO Approval:** Required for purchases $1,000+ (auto-approved below threshold)
5. **Fulfillment:** Property Management procures and provisions
6. **Tracking:** Property Management maintains inventory and license records

Monthly Reporting

CEO receives monthly spending report including:

- All transactions by department
- Budget utilization percentages
- Upcoming renewals
- Variance analysis

LICENSE MANAGEMENT POLICIES

Property Management Responsibilities:

- Maintain master inventory of all software licenses
- Track license assignments and utilization
- Process renewals before expiration
- Negotiate enterprise pricing
- Conduct quarterly software audits
- Provision/revoke access for onboarding/offboarding

Security Requirements:

- All accounts use organizational SSO where available
- Two-factor authentication required
- Password rotation every 90 days
- Immediate access revocation upon separation

Budget Authority:

- Department managers manage within allocated budget
- New software over $500/year requires CEO approval
- Annual budget review and adjustment
